Clause on International Terrorism (Xiamen Declaration)

(Background to Clause 48) 47. We strongly condemn terrorist attacks resulting in death to innocent Afghan nationals. There is a need for immediate cessation of violence. We reaffirm our support to the people of Afghanistan in their efforts to achieve "Afghan-led and Afghan-owned" peace and national reconciliation, to the ongoing international efforts, including the Moscow Format of consultations on Afghanistan and "Heart of Asia-Istanbul Process", as well as multimodal connectivity projects to promote peace and stability, to the fight against terrorism and drug-threat, and to the national reconstruction efforts by Afghanistan. We support the efforts of the Afghan National Defense and Security Forces in fighting terrorist organizations.

48. We, in this regard, express concern on the security situation in the region and violence caused by the Taliban, ISIL/DAISH, Al-Qaida and its affiliates including Eastern Turkistan Islamic Movement, Islamic Movement of Uzbekistan, the Haqqani network, Lashkar-e-Taiba, Jaish-e-Mohammad, TTP and Hizb ut-Tahrir.
