How to find indicators: a tip

Press Ctrl+F on your keyboard to search the indicators by keyword. Note that there are two lists of indicators: annual and monthly/quarterly.

Downloading the data

Select indicators, countries, and years to see the data availability. Then, choose:

Option 1: No registration necessary. Download a data set of your choice. The cost is \$0.05 per data point. For example, a data set of 3 indicators for 2 countries over 10 years cost $3 \times 2 \times 10 \times 0.05 = \3 .

Option 2: Register and make a one-time payment to get full access to our data. The cost is \$7.95 for access for one month and \$29.95 for access for one year. You can download data as many times as you want during that period. These are one-time payments that are not renewed automatically.
